How it Works

How to get on the waitlist:

1. Fill and sign (deposit line) this contract and email to sacramentofrenchies@gmail.com
2. We will send you a "request for money" for \$300 Zelle / CashApp / Venmo / Paypal
3. Once we receive that deposit payment we will store your contract for pickup day and update our website's waitlist

At that point your placement on the waitlist will be secure

Deposits are non-refundable however you can remain on the waitlist for as long as you'd like. Our waitlist is for both French Bulldogs and Sphynx Cats. We cannot and will not guarantee sex, color, markings etc. you can choose to pass on puppies/kittens and litters for as long as you'd like. Your name will never be removed from the list until you select a puppy or kitten but again no refund will be issued. Sacramento Frenchies reserves the right to keep any puppies/kittens from any litters regardless of the waitlist.

Process for waitlist once a litter is born:

1. At 10 days old all buyers are contacted to inform them of litter size, colors and sexes. (At this time no puppy or kitten can be claimed but we strongly recommend you follow our Instagram and/or Facebook page [@sacramentofrenchies](#) and [@sphynx.kittens.breeder](#) and start to narrow down your favorites.).
2. At three weeks old we will announce the color and pricing of each puppy or kitten. **Please note that color and markings can change drastically over time however once the price is announced regardless of how the puppy or kitten changes, the price remains the same.**
3. At four weeks we will then send the location, date and time of scheduled puppy or kitten meet and greet. All waitlist that intend to buy are welcome to come! The meet and greets are held at roughly five weeks of age. We ask that you select your puppy or kitten at this time if you have not already. We hold these events in both California and Texas.

Please be patient. We promise that we post our puppies/kittens as soon as we feel comfortable. It is common to have some puppies/kittens lag behind and we prefer to not make those puppies/kittens public until we know they are OK. If you are on the waitlist make sure to check our website and Instagram often to see puppy or kitten photos and updates.
